**THE  
ONLY  
SPECIAL  
BEAUTY  
SALON  
HEATER**

**GIVES YOU  
EVEN-TEMPERATURE  
HOT WATER ALL THE  
TIME . . . NO WAITING**

With the ZIP heater, each cubicle has its OWN hot water supply — always ready for instant use. There's no need for the costly installation which makes most other types of hot water system so expensive — the ZIP operates from single-phase power supply, and often no plumbing is needed! The ZIP is fully automatic — you fit it and forget it. Specially designed mixing valves ensure steady water temperature for trouble-free shampooing (supplied with or without shower rose and flexible arm). Prices from £26/15/-.

**2 and 3 GALLON SIZES**
