

No other Water  
Chiller can  
out-chill Zip

Chosen by major corporations worldwide

# If it isn't a Zip It isn't good enough!

**ALL ZIP WATER CHILLERS BRING YOU ZIP'S ADVANCED TECHNOLOGY.**

**INNOVATIVE DESIGN** Compressors, fans and refrigerant configuration give optimum chilled water delivery. Unique design features give product reliability and simplicity of service. Removable cabinet panels give quick access to all moving parts and standard re-gassing valve makes re-gassing the sealed unit fast and simple.

**UNIQUE RANGE** Specially created to meet all applications. Specially priced to meet all budgets.

**ENVIRONMENTALLY FRIENDLY** Zip uses only R134A Refrigerant to help protect the world's environment.

**TOTAL CUSTOMER SATISFACTION**

As a Company, Zip is committed to customer satisfaction. So every Zip Water Chiller must comply with the rigorous Zip Performance Criteria Assurance Policy.
