

An advertisement for Zip water heaters. The background is a stylized, isometric illustration of a city with various buildings and houses. In the foreground, several Zip water heaters are shown in different sizes and orientations. A large, cylindrical water heater is the central focus, with the 'Zip' logo on its side. To its left, a smaller, rectangular water heater is shown with a shower head attached to its side. Another rectangular water heater is positioned above it, and a smaller one is to the right. The overall scene is set against a light yellow background.

# Zip water heaters give steaming hot water anywhere, anytime!

## Portable heaters for baths and showers.

### Over-Sink Heater

Gives you kitchen hot water from your present cold water plumbing! Plugs into a standard powerpoint. Connects with Zip's do-it-yourself Installation Kit to standard 1/2" tap so you can run cold water as before, or hot water from the heater. Use town or tank water supply.

	7SH
Capacity	7 litres
Height	540 mm
Width	250 mm
Depth	205 mm
Rating	900 Watts
Temp. setting	70° C

### Free-standing Bath and Shower Heater

Simply stands beside your bath! Gives showers, baths and in most cases can supply your hand basin too. Completely portable, yet looks like a bathroom fixture. A choice of two sizes gives any family the perfect hot water solution.

	50DL	63DL
Capacity	50 litres	63 litres
Height	1085 mm	1310 mm
Width	335 mm	335 mm
Depth	335 mm	335 mm
Rating	2.4 kW	2.4 kW
Temp. setting	70° C	70° C

### Wall Shower Heater

Installs anywhere there's a cold tap and powerpoint. Great for weekends! Or as a second shower in the laundry or garage. Outdoor models perfect for poolside showering. Available in both 25 and 50 litre, to suit the needs of any family size.

	25SM	50BW
Capacity	25 litres	50 litres
Height	720 mm	1030 mm
Width	435 mm	435 mm
Depth	318 mm	318 mm
Rating	2.4 kW	2.4 kW
Temp. setting	70° C	70° C

### Easy Do-it-yourself Installation Kit

## Kitchen Under-Sink Heater

Hides out of sight, gives you steaming hot water for one outlet application. Attaches to standard powerpoint. Available in three sizes: 7, 11 and 23 litres. Ideal for commercial installations.

### Unique 7 litre model:

- No safety tray needed
- No relief valve required
- Meets plumbing code requirements.

Refer to Under-Sink Data Sheet for full specifications.

If it isn't a Zip it isn't good enough!

## Mains Pressure and Roof Model Heaters

### Mains Pressure Heaters

For whole house hot water. Zip has the right size for your home and family. Choose Cupboard or Floor Models - Standard or Off peak.

### Roof Model Heaters

The economical and durable hot water option - providing up to three times the lifespan of traditional mains pressure systems. Inconspicuously roof mounted to save your valuable floor space, this Zip model is available in a range of sizes, both standard and off peak, to suit any family. All Zip Roof Model Heaters feature inner tanks crafted from solid copper.
